

Future's Fund Application Form

The Future's Fund is looking to support people interested in learning about Game and Wildlife Management, whether that be as a hobby or a career. Please use this form to give us as much information to support your application as you can. Nothing you write here will count against you (i.e. if you already shoot or have a career in the countryside); we're just looking to build a picture of who you are and what you're looking to achieve. A second page is available for you to continue your application if you run out of space.

Name	Contact Phone Number	Contact Email
Address		
Current Interests: Please tell us about your current interests and (if relevant) your occupation.		
Reason for Applying: What has caused you to apply for this fund? We would like to know if you have been involved in shooting or wildlife management already and whether you have any friends or family currently involved. If you're applying because you have no connection to the countryside at all then that's absolutely fine.		
What will you use the money for? (Please give as much detail as you can and include how much money the course will cost)
